

Laytex Paints

Laytex paints can be placed with regular trash only if the paint has been dried. Paint can be dried by allowing it to sit out and thus dried by the elements. Paint can also be dried up by placing cat litter in the paint can and allowing it to absorb the paint. There are also entities that will take your paint for an extra fee. You may contact the Borough for additional information.

Batteries

Alkaline batteries may be disposed of in your regular garbage. The Borough's current hauler will accept car batteries at no additional cost.

TYRONE BOROUGH RECYCLING PROGRAM

In July, 2018, Tyrone Borough discontinued our membership within the Intermunicipal Relations Committee (IRC), saving tax payer money. The Borough has developed our own recycling program. This brochure will explain the program and outline the do's and don'ts for recycling.

Recyclables from residential dwellings may be placed at the curbside (or designated location) on the same day as your regular garbage collection. Please refer to your recycling calendar provided by the Borough's contracted hauler.

Recycling bins are available to Borough residents at no cost. Proof of residency is required.

The IRC will no longer accept items from Tyrone Borough residents, however Snyder Township and surrounding residents may still utilize the IRC facilities.

The Borough's current hauler, Burgmeier Hauling, will accept old car batteries and used motor oil as long as in separate containers, at no charge. Tires, refrigerators and freezers can be picked up for an additional fee.

If you have any questions, please feel free to contact the Borough's Code Enforcement office at 814-684-1330.

ITEMS TO BE RECYCLED

- Cardboard boxes (must be broken down)
- Food boxes (i.e. cereal boxes, jello boxes)
- Paper towel & toilet paper rolls
- Paperboard packaging (i.e. tissue & shoe boxes)
